Profile

I wish to pursue my career that will constantly provide me new and diverse challenges resulting in personal satisfaction, growth and development of the organization as well.

Projects

YOUTUBE clone

I made the clone of Youtube, in which user can search their content by typing in the searchbar. When user open the website then by default it shows the most popular video on the screen.

GEARBEST website clone

A collaborative project built by a team of 5, executed in a week. User can signup and login to the website and search product of their interest from homepage. I created homepage & provide signup & login functionality to the user. In homepage I created the slide image which slide automatically after fixed interval of time & we can change image manually also by clicking on radio button.

Strength

Innovative & Creative

Can work effectively in team as well as individual

Dedication towards work

Highly adopted to learn new technologies, views & ideas
